To whom it may concern

Dear Sir/Madam,

I have a great privilege and pleasure to work with my colleague Dr Milica Lawrence. one of the best musicians who I ever played with. Our artistic cooperation and sincere friendship started more than twenty years ago and from the very first moment we understood each other perfectly. During these years, we performed numerous concerts and recitals varied from baroque to contemporary music. On the stage, she is extremely reliable, supportive and her music fluency is simply outstanding. Her charm, enthusiasm and youthful spirit always has a positive impact on her colleagues.

Dr Milica Lawrence is always prepared and ready to explore different points of musical view. She is a professional pianist, accompanist and chamber musician of the highest technical and artistic performance level.

I can offer only the highest recommendation for Dr Milica Lawrence. For further information please contact me on: mina_mendelson@yahoo.com.

Sincerely,

Dr Mina Mendelson
