

Professor Milica Lawrence is one of the best piano accompanist student can work with in university. That's the best option I could have during my studies. Sometimes, when I played with her, I got the feeling of hearing the sound of an orchestra behind me. She is also a professor who gave me advices and has helped me progress in music. Many of her tips have influenced my music maturation and performing safety.

Ena Vaganek, 4th year viola student of the Faculty of Philology and Arts, Kragujevac, Serbia
